Terrific program.

Colorado has come up with the most reasonable approach to medical care, tied to what we can and should do, with monies available.

Will C-SPAN be addressing this plan?

Best window into things that most concern this country. It should have an ever increasing role in thought-ful response to the ills of this country, despite the Congress.

I'M from Ohio and spend half of each year in Florida, [REDACTED]
[REDACTED] Of all the absolute crap on TV, what a breath of air is C-SPAN.

Respectfully submitted.
