

Dear Sirs:

April 21, 1984

I watch C-Span because it has many important issues that are very necessary for one to know about and to understand. One I've seen on fair housing was so interesting and thorough that I could understand how those people feel about it.

By watching C-Span makes me know how important it is for me to go to town meetings and talk about issues to our Representative Nancy Johnson.

C-Span talks of many issues concerning our city, state and country in which every U.S. citizen should participate.

Sincerely,
