

Well - well at last you come out in the open - you will have to be a fibered to be heard on C-span. I have noted for a year, hearings about travel gate, file gate, whitewater, and all other Clinton sleaze are held in the wee small hours. While every socialist whiner ~~who~~ wants to keep his own Governmental feet to suck on is shown all day Sat & Sun, Mon etc.

I have come to the conclusion that you and your ilk will allow a Republican to be elected over your head body, Clinton is protected until after the election, then no matter what happens you'll have that idiot Gore in there.

Never mind, the boomers have trashed the office of the Presidency that the U.S.A. will never recover. We are too far down the slippery

path to socialism and the Media
 including C-span will have to
 shoulder the blame. I have now
 decided C-span stands for Clinton

 Incidentally you already discriminate
 against the twist. But at least we now
 know that ^{Family Outing} Toy Boy Clinton is your
