Dear Angela Hunter,

In your letter of November 30, 1990, you stated that C-SPAN appreciated the thoughts and comments of viewers concerning programming. Believing that you made a sincere statement, I would like to make a suggestion for a topic that might possibly be aired on C-SPAN.

The Akron Beacon Journal printed in color a full page American flag. At the bottom of the page it stated that the flag should always be displayed with the last stripe at the bottom. This is true, if the flag is displayed with the stripes in a horizontal position. However, it did not take into account the position of the viewer, the position of the canton in regard to a n.-s. street, e.-w. street, or a flag displayed vertically. Well, I spent the day from 8:30 til past 7:00 PM trying to explain to many knuckleheads at the newspaper the flag can be correctly displayed in many ways. Mercy, child, what a foolish person I was to try to explain to the commode at the Beacon Journal that the Department of Defense puts out a pamphlet covering every possible way to corectly display the flag. All good encyclopedias adequately cover the topic also.

I have wasted your time with all this trivia to ask you to give consideration to the possibility of devoting a segment of time to properly displaying Old Glory. Thank you.

Sincerely, [REDACTED]
