Dear Brian —

I'm totally in love with C-SPAN  
(and probably with you)

Please help —

your new on-screen information  
is handsome, etc — however  
it is driving us crazy.

It changes much too often  
with all these bits of  
information — subject, guest,  
address, host, organization, address

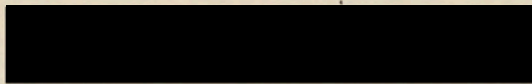

phone numbers ———

It's very distracting.

Please please have it  
lessened ———

Not as important, but it  
would be better if (C-SPAN  
LIVE)  
would be in the upper left  
corner.

Hope you can help.

Seattle  
Thanks very much  
for CSPAN and you - Sorry to Complain
