Att: Mr Lamb

Newt Gingrich is on a Speaking Tour. So I heard on the radio. Have you any plans to have him on at some time or have you had him and I have missed it. I have been waiting to hear him since he left Congress and is out on his own. I have heard small snippets from them and the applause he receives.

Do you have any plans to have him? Or maybe you aren't interested. I am sure he would be glad to have one of his appearances broadcasted. By the applause I heard on the small sections, if you wouldn't hurt you to put him on. I know there are many of my friends who would appreciate having you present him.

Sincerely,
