

Brian says look in your newspaper  
and find something we haven't  
heard before. Susan says, "What  
are you reading? How do you  
feel about that?" Brian may  
omit valuable information Susan  
does not. Features on books  
museums valuable. Interviews <sup>2 1/2</sup>  
about jobs all not. (Very brief <sup>6.11)</sup>  
questioning about duties accepted.)
