Peace

The coverage of the Inaugural Activities by G. Span was really terrific. The filming was great and I felt like I was there. Your parade coverage was especially good with the street noise etc

and the lack of a running commentary.
Likewise on Thursday when the President
shook hands with several hundred, we
could hear the various comments and
really have an inside feel of being there.
Oh yes, even the Balls were great! Overall
your performance was Outstanding. Thanks!
