

Adam Smith,

Nov. 23, 1996

It's a bright and beautiful day! 9:30 AM.
You and Charles Pickering added warmth
and thankfulness to it for me.

O. W

The pre-election fare was, for me, as
badly lacking - according to my Diogenes
lantern - in the "honest man"!

You and Charles Pickering respond brightly.
It is refreshing to see your civility to each other
Your intelligence - flatters my ego for we agree!
Best wishes (shall be watching you!)
