## Re: The Imus Debacle

I watched the re-run Saturday night and am glad you showed it. While I thought it was painful for all concerned, it was not as terrible as I imagined, based on the reports following the dinner.

Mr Imus was clearly the wrong person to appear in such a formal setting. His limited talents belong in a broadcast studio, on the airwaves where he can be turned off, tuned out... I pity the next captive audience.

O-Imus
