C-SPAN

Does the Communist Party pay for your time on TV? They must! You are sick & should be in a mental institution! If you hate the United States so much, go live in Siberia & you'll find out first hand about Communism!

And I resent anyone, black, Native American, etc., etc. to find fault with this Great Country! Send the black man (on your program @ 4pm, 8/31/90) to Siberia - that's where he belongs!

~~He~~ will have to stand in line all day for a loaf of bread! He can't even own a home - or anything else, & his wife (sister, or other female relative) will be a slave!

Please see he gets there - a one-way ticket!

Who is the idiot on CSPAN @  
4 pm on 8/31/90?

Why do you think anybody cares  
about his idiotic beliefs? He (whoever)  
believes there is no God! He's a Revolutionary  
(Communist!)?

He doesn't deserve to live in our great  
nation - the United States of America!  
Let him go - or send him to Russia!  
He can then learn it first hand -

Negros are equal to all of us,  
native Indians, etc - if he feels  
differently, he's sick!
