"Closed Chambers" Edward LAZARUS

THE VIEWER LEARNS MORE FROM
THIS HOUR BECAUSE MR BRIAN LAMB
RAPID FIRES PERTINENT QUESTIONS
THEN SHUTS UP AND LETS THE
AUTHOR ANSWER!

WHAT A TERRIFIC HOUR OF T.V.
I SINCERELY THANK YOU.

Nearly eight thousand persons with hemophilia have been infected with HIV from infusions of tainted blood products. Yet for twelve years the Federal Government has not acted to address this disaster. We now know the system responsible for safeguarding our blood supply failed and as a result three generations of hemophiliacs and their families have endured the nightmare of AIDS.

O-BK

The proposed Ricky Hemophilia Relief Fund Act was established to make partial restitution to people with hemophilia who were infected during the period of 1982-1987, with HIV through blood transfusion. The card has moved you to take action in Washington, D.C.
