1 Please Mr Barry Rogstad American Business Conference
 2 Boy are you good at dodging answers on NAFTA
 3 So - you visited Mexico City, stayed in the
 4 finest Hotel, drank bottled water, dined in the
 5 finest cafe's and shopped the Plaza - Get Real
 6 Did you stop in Alamos? Nobody is allowed
 7 to build modern buildings - It's home of the
 8 Mexican jumping bean - a three section
 9 nut with a worm in each section. Good trade
 10 item? humpf - Coronado sacked the Gold mines
 11 in 1530 and you Corporate Pirates plan a
 12 2nd invasion - Good Luck - you'll get yours \$\$\$\$
 13 Did you know the Oil Companies invested hundreds
 14 of thousands in Mexico and on February 19th 1918
 15 the Mexican Government levied a tax on all
 16 oil lands and tracts, and contracts made
 17 before May 17th 1917 (ex post Facto) and declared
 18 them "AN INALIENABLE NATIONAL RESOURCE"? Did
 19 you know the Mexican Government closed all
 20 Church Schools and Deported all Foreign Priests
 21 Monks & Nuns in February of 1927?
 22 Did you know in 1936 they passed an Expropriation
 23 law empowering the Government to seize private
 24 property for the "public or social welfare"? First
 25 they seized the Railroads and then \$450 million
 26 investment of British & American Oil Companies?
 27 Did you know a wage dispute caused an
 28 import tariff of 200% on American Products in

1936? This because you guys refused to pay a living wage to Mexican Labours.

Can you read the side agreements written in Spanish legalese? Can you think in Spanish? Convert the peso?

We thinkth you jerks in the American Business Conference in search of Bottom line greed of a Corporate nature ascribe to bad bad Treatise. You know not what you sign; and, like the agreement^s signed by Shoshone Indians in 1863 for all the Camas lands (they thought they were getting a deed to Kansas) you'll end up with a "poison weed."

Visit the Outskirts of Durango where the Gentry live behind walls 1ft thick (whats that in meters?) with glass shreds and barb wire on top. Go to Ensenada where Jack Dempsey invested a million in a resort hotel only to learn only natives can own property within 100 miles of the shore line - his investment is in ruins.

Take U.S. jobs to Mexico and all you Benedict Arnolds can go with them - We real Americans don't need you

P.S. credit for \$52.⁰⁰
you can collect on in
