To whom it may concern;

"I am just writing to say how fantastic the "American Presidents Series" is on your C-SPAN2 station. I started watching (and recording) last week and find it hard to pull myself away from the television because everything is so interesting.

I really never paid much attention to our past Presidents outside of perhaps George Washington, Thomas Jefferson, and Abraham Lincoln.

Some of the authors and curators (of the Presidents homes) speak as if they lived back in the days when the President lived. They have a way of bringing these men to life which makes the program so much better. I look

forward to tuning in every nite and learning about yet another President. Would

like to thank all that are

involved who took part in
bringing the American public
this "terrific" series."

Thank a million
