Please forgive my response to your most mind challenging program
by AN OLD FASHIONED mode, That's my way, a bit slower but leaves
Nothing for the track and train to run over.

Your most evocative, evolutionary program.

24 Hrs. About Books and all who are involved is

Truly an energizing mark of
genious. A GREAT BEGINNING for
1997. Thank you.

While LAS VEGAS imploded
The Hacienda so Grand;
your program laid a foundational,
mind expanding; Tower for man,
If he will but receive this
gift. Many ^{so} more gifts
through the year from
your XMas Tree.

God's Blessings be with
you always & C. SPAN--

- employees. 

P.S.

Peace abide with you in spite
of criticism, even mine. No man is
Perfect, it is that for which we
all strive. No one, I feel sure, is more
aware of that than you. The Best Of
New Years.
