presents

LA DOLCE VITA

Our newest collection of
fabric, trim, and wallpaper.

On Tues 1 Jun. I got off
work & turned on IMUS
in the morning - He was
being AS usual. I switched
to C-span at 0700 - The
young man - Host? maximod the
was 4 times Articles 5-6 times (before 0730)
showed cartoons from W. times.
And whenever he said Liberal Line
it sounded like he stepped in CACA
does he work for the W. times or is
he just a (R) wing NUT? Thanks

A detailed botanical illustration on a light beige background. The page features various plants, including red poppies, white lilies, yellow lilies, and small pink flowers. The word "Sedum" is written in a large, elegant, black cursive font across the center. The plants are depicted with fine lines and some color washes, showing their roots, stems, leaves, and flowers.
