

April 25 1984

I watch C-Span because, you are on the scene, with no prearrange performance, what you see, hear is to know now what is good or bad for the viewer, who can call your talk show, ask question that could be pro or con as a liberal can feel against a Conservative, who can only relate to facts, in the past, which can be projected in the future, what could happen, if the Citizen aren't told a complete truth about the "United States of America" as Patriots will defend their Country against the enemy, the Communist who are a closed society of a ruling class, when America will be call "Union of Soviet America" as a complete dialogue for what is necessary as a Marxist Truth.

(2)

The pattern of a language are heard by us, the payers for seeing them how they talk, if their are part of a class culture of a high social order, that can pay their way to be on top, with many of the lower income elected officials, who had to work to receive their rewards as a better person, with the experience that goes with the labor, to pay as you go. This is necessary for being the "Voice of the People" in the House of Representative as a Congressman or a Senator, who are our servant, being paid to be our special interest, not an out sider who has the money to promote their cause, for material goal that can be possible, behind closed doors. It's a way of life that you can view on television, listen to them being illogical not making sense, yet be your boss."

in the Government's.

The many other on the spot  
filming of programs that are shown  
later, that was never possible before,  
because, they could never be centered  
as a "News media" that could  
discriminate what is paid for by ad  
vertiser, who can eliminate what isn't  
of their belief, yet, it can be changed  
by my selection to a Worthy Show  
C-Span that gives you all the  
facts for your choice.

Keep the <sup>camera</sup> ~~camera~~ rolling  
in every place possible, so "We the  
people will know, understand and  
be satisfy to be happy now, as a  
human being, not a slave to a ruling  
dictatorship of Marxist.
