Dear Ms Hunter,

I have been meaning to tell you people at C-Span for a month now how much Anne and I enjoyed seeing coverage of the American Atheists' convention in the form of Madalyn Murray O'Hair's address. We would have liked to have seen more, and I hope many other watchers take the initiative to tell you so too.

It turns out that I'm glad I waited to write. (I don't often manage to sell myself on procrastination.) Our cable company only recently started carrying C-Span, so now I can also tell you that in the last month I have found that you broadcast many programs that I watch with great interest.

Sincerely,

Horseshoe Bend, Arkansas 72512

P.S. The Postal Service uses AR, not AK, for usun.
(I don't think much of either, I
write ARKANSAS.)
