Why! don't you people get off Pres. Clinton
back, its appalling -

Since his budget passed and Boy! I'm
truly glad for it (good for him).
you'll all be bashing it back + forth, I
think its time you'll get on some one else's
back for a change and stop stabbing the
President.

I truly give Pres. Clinton Credit for trying to
tackle this mess left in by Reagan + Bush.
He also inherited it, he surely did not
create this mess. He will also do his best
to get the economy back on track and he surely
promised that.

Get on some of the dirty Rep Back Dale for one.
& Loss Perot and you would have a full
program for quite a while.

The Rep. are such poor losers, had their chance
for 12 years and failed (what a mess).

As for Dale said (I quote) he would do any-
thing to crush the President, and if Dale
thinks he'll win in '96 he's more disturbed
than he appears on 2 V. News.

also saw a little of Loss Perot getting knocked
on C-Span Mon. night 8/9, should give him a
stupid award, that he would deserve.

His speech was sickening, had to read it off paper & screwed up on that, the mans crazy a kid, a fraud.

Also see you're blaming him on for Cellinis.
Ask him about his so called ^{Budget plan} ~~plan~~ which he has none, he's waffled on every program he could get on lately when asked about what was his plan, ok? I left it at home, his a big joke - His was 50¢ on gas, cut soc. sec. attach the middle class & poor. Like See it Pres. Clinton makes him look sick, Boy! he wishes he was as good & smart as the President - The President should just come out and smack Ross Perot. He'll get my Vote on that -

Also. Perot does not I repeat does not run this Co., what a mess we would be in.

Like as a break and get off our Presidents back - I would in no way spend my nickel calling into your back stabbing show, mud slinger & second guessers - Most people are sick & tired of these so called gompous blow hards on Perot, Dale, Kemp, Strom & on & on - you people thrive on it -

Also you're act like a bunch school teacher holding up your papers, books & Etc on

the screen, got real me all can read.
Lets see a few who are truly for the Pres.
on your blooper shows & tell the truth.
Also - got the tape aired Monday night
1:00 A.M. Bat Costa show, he had
Mary Matlin on, was great.

Boy!, she hit the nail right on the
head where that irresponsible Ross
Perot was concerned. good for her -
Show this on your C-Span for
all America to see, but most
Americans know what Ross Perot is -
The people who support him are as
crazy as he is.

I voted for Pres. Clinton and
am proud. He will succeed

Hearay! for the Pres.
I support him 100%.
