

31 July '92

I'm so glad I live in America where the media covers the presidential candidates, their positions, proposed policies, & dreams for America; & where these candidates whose moral conduct indicates they believe the laws of the land are for everyone but them. Now - When are you going to begin seriously ~~con~~ interviewing & covering the Bo Gritz campaign? Afraid to? Incapable? What's your excuse? Reply Requested.
Thanks, [redacted] [redacted]
