O-BOOKS  
R

I see you people do not think we out here are serious about concerns we write about. I'm fed up with Yale (C-Span) and your platform on books. Seems Brian Lamb needs to see we mean business. You've increased since March your promotion of books and Authors on Washington Journal. I as I wrote before have written to prime Star and have as yet not recieved an answer. I see this morning another man of theory like O R Spock and now Cornell West. today a man of theory as most professors are. It's exactly these educated so-called idiots who are ruining my Country. America hasn't gotten better in the last 19 yrs of C-Span History. It has and is getting worse. So your effort to promote better govt has done little except get more attention to authors who are also even in Congress from a Tax exempt platform.

so now maybe a loss of revenue  
on 1st primestar and then another  
Cable provider in the western part  
of my state will get their attention.  
prime star will see the 1st of a  
cancellation order on June 1st here,  
your going to see efforts to curb  
tax exemptions to people like you  
as well. This is going to cost me  
money but I'm far more interested  
in a common sense society than  
a tax free corporation expanding  
on other peoples money whether on  
a large or small scale. so when Cable  
sees picket signs, and Dish providers  
see cancellations, maybe then you will  
wake up, as the saying goes, follow  
the money. I may be retired but I'm  
not going to stand by and watch what  
I feel is a well intended program go  
wrong.

Sincerely
