Attention:

Esperanza
Washington Journal.

I am glad that I am
not a completely new
comer to your program,
as if I were, listening to
a guest (Carol Van Dam) on
your program this morning.
I doubt I would of tuned
in again.

Not once, but several
times she completely purposefully
misinterpreted what the
caller was saying. Just
a young ⁽ⁱⁿ⁾ Business woman
from I think Huntville, we
all realize racism often put us
in higher tax brackets. Greater

time a caller from Calif.
was trying to make the
point that Clinton was
trying to take credit
for something in his
City, which wasn't the
case at all (Both times she ^{repeated})

If in the future you
wish to see this young
woman, may I ask you
to have her on with some-
one else so we may hear
both sides.

I love your program,
as I feel most all the time
we are given both sides
to an issue, and not quick
("Sound Bites") had that expression
I only listen to ^{local} (news) on the
2 major networks since I
found you.

Mr. Lamb is my favorite
as well as friends as the best
moderator. I thank you.
