Just tried to get in on the phone - No
luck so I write —

- 1) I too was revolted by the Sat.
a.m. "Spectator" presentation.
- 2) Speaking of bias — I was im-
pressed a week or so ^{ago by a historian who was} pointing to
the press bias — in favor of controversy.
(Senator Vassena called it "obsession"
with controversy.) I think this is the major
bias which skews our news.
