Dear Sirs,

I have tried since June 8 to reach someone that can tell me if a video is available for sale of the Millard Scott & M. Gen. Streeter review of the National Victory Celebration and Arlington Ceremonies.

This address of my letter to you was aised during the Thomas hearings and I hope you can direct this to some department that can let me know if a video is available and the cost. As a Grandmother I want to get a copy for my Grandchildren for future use. It was such a well described program and all the information given will be something I want my little ones to have.

Our own local station and other stations in Chicago & St Louis that I called and letters to

Willard Scott To NBC have all
been unhelpful or no knowledge.
Please send me information
