Dear Mr Lamb,

Enjoy your program.

I'd like to make a comment!

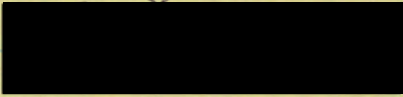

I really enjoyed the College Basket Ball games tonight & I'll watch the finals, Arkansas & North Carolina.

Notice how the teams play hard to win & at end of game, walk together & are friends. Sportsmanship

Why can't the old men Congressmen do the same & act civil, life's too short to be so hateful & what a message it sends to our youth!

Cal Thomas from I & Times had a hateful article March 29. I'd like for you to read it. It was in Evansville Courier on editorial Page. (I have seen people get pay backs) & they aren't nice. Keep up the good work we really need you.

I write jingles, thought you'd enjoy.

Hey, we pay their salaries

Republicans blunder

Clinton is using their thunder!

Getting good programs past!

Republicans wringing their hands
and hope it won't last!

If they had a lick of sense!
they wouldn't sit around & do
nothing at taxpayers expense.
With a little less whinning & to do!
they ought to come with a solution
or two, without rebuilding
defense.

Most Congressmen really don't care!
Just as long as they can muster
enough support so they can stay there.
Good Health care & Pension is their norm.
so why should they worry about
Health care reform.
