Dear Brian,

I just spoke with your lovely secretary. Although I know she passed my comments along to you, I must put this in writing.

Six months ago you had Prof. Friedman on C-Span at a seminar he gave on the single payer health system of Canada. What a beautiful expose on how the market place works in health care.

Americans would never see him if we depended on ABC, CBS, or NBC. Please try to have Prof. Milton Friedman on your show as a guest by himself. Or, possibly you could get a hook-up if he doesn't travel a lot now. I'm appalled that Mrs. Clinton thinks an entire system should be changed for 12% of the population and not all of them are without health care. She wishes to implement an ideology only, not the results of objective problem solving.

Best regards,

P.S.

Tell Susan to gain not to lose any more weight or she'll disappear.
