To
Mr. Brian Lamb
Dear Sir:-

The reverse side is a copy of the letter I wrote to Mr. Regnery in response to your 'Booknotes'; I believe the first broadcast I can remember! Now some 6 years later; your Sun, Dec 13, 1998 Broadcast interview with Wm 'Bill' Greider, impressed me with "good, honest, man", I felt 'related' to a 'special man' of rare courage and insight!

His 'Fortress America' I thought, "a voice crying in the wilderness"! An answer or update to Populism & Elitism? Now, Mr. Brian Lamb; in my nearly 50 years of T.V. viewing; as in all human endeavor--you stand out--above the crowd to be remembered--l o n g after the plodding souls are gone!

The only other caring man I recall to this day is Mr. Dave Garraway [spelling?] who, I believe broadcast out of Chicago.

On Dec 6, you interviewed Mr. Shelby Steel, who is a member of the Hoover Institute; that I am a supporting reader? Also The Heritage Foundation; and several more good guys 'crying in the wilderness' of shame and disgrace.

I subscribe to 'The American Enterprise'; the ONLY true news magazine I know of; that reflects our America as it was and as it is today. I still read Scientific American, the recent Aug, 1998 issue is very interesting! I HAVE selected copies back to the mid-1950's--

I have a complete set of "John L. Stoddards' Lectures, that contain a true History of most of the World's civilization of 100 years ago!

And finally, I just acquired a boxed set of "The Original McGuffey Readers"! Where the precepts of the 'Reader's moral guidance followed to this day--WE, the People would have nothing to fear or complain about!!

I would certainly appreciate a reply to my timely letter when you get around to it?

Sincerely, [REDACTED]

Update Dec 14, 1998

Mr. H. Regnery
Dear Sir:-

I have just viewed the Ch 27 C-SPAN 'BookNotes' with Brian Lamb interviewing Mr. Jeffery Bell; his book "Populism & Elitism", certainly is an interesting History of our cyclical political swings.

This reflects the World human race dilemma of what IS wrong with us? (all?) Alexis de Tocqueville's "Democracy in America", was a reference source used by Mr. Bell. I, too, found "Democracy in America", many years ago a common sense source of knowledge that explains our present literally, World wide suicide march to self-destruction!

I, too wrote a book [REDACTED] (see inclosed) self-published in 1982, now 10[16] years later sadly enough true as the days back to 1944, when as a lowly soldier I wrote the first article in Germany at WW II's end.

In 1945 we, the people of America held the Peace of the World in our hands for the first time in ALL human History!
WHO threw IT (peace) away?

If you will read this, may I send a copy of my book to review and perhaps to market for me? I have some 800 of 1000 copies here; am NOT a promoter or salesman; will consider any fair offer to get the book to the reading? public!
My background is Aerospace QC Inspection and Tool & Diemaker.---now some 86+ years old, still well & sane.

I am a lifetime Republican, because I believe in our Republican form of Government and moral principles!
From our U.S. Constitution, Quote" Per Article IV Sec 4----Guarantee of Republican Government----

The United States shall guarantee to every State in this Union a Republican form of Government, and shall protect each of them against invasion; and on application of the Legislature, or of the Executive (when the Legislature cannot be convened) against DOMESTIC VIOLENCE.

Definition---Republican form of Government means----
By duly elected Representatives of the people to serve the interests of ALL the people! Note--the word Democracy is NEVER mentioned in our U.S. Constitution!

Sincerely,

P.S

See reverse side for update!
