I first wrote to you to
compliment your excellent
coverage of the August
Libertarian Party Convention.
Now I am a regular C-Span
viewer and would again like
to compliment your entire
staff on your excellent work.
The most recent item to
catch my attention has been
your translated coverage of
Russian evening news. It's
been very exciting to be
able to see inside the Russian

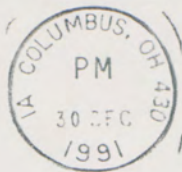

Culture this way, especially at
this very exhilarating time.

My thanks to C-Span for
continued terrific programming.

Sincerely,
