Thank you so very much
for your wonderful programs!
Really, only thing worthwhile on
TV - Also, the Presidents series!
Is it possible to purchase? Do you
have a list of programs other than
on the Internet?

For the woman - 64 years young -
here enclosed are names of some books
to make her feel young. I live in a
retirement complex and laughing as
we read them and others we see
ourselves and friends and have a
good laugh. Laughter is what keeps
us young though we range in age
middle 70's - 80's and 90's.

I did not write fast enough for
the author of Basque History but will
try to find it at our local library!
Thank you for hours of intelligent

TV Viewing.
Sincerely,

THE
