Dear C-SPAN

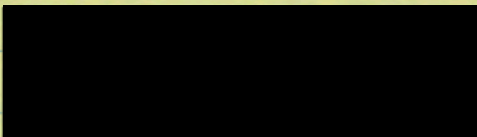

I watch some minutes of your Washington Journal almost daily. I enjoy your Network; but I am so tired of all those left of Center black men and women you bring on. You know there are some that are to the right. To Name a few: Armstrong Williams Clarence Page and Ken Hamblin (Ken is right of Jesse Helms) Try to get these men in your rotation. I think that Urban League "boss" is at least Moderate. I am a 64 yr old black woman that leans Center to slightly right.

Please tell my black people
that insist on being called
"African American" that it
doesn't matter what we call
our selves as long as we act
like what we used to be called
years ago --- The "N" word.

I Can't seem to get on any
more.

Thank you.
