Writes
a lot -

file only

Dear C Span,

I probably write to you more than any other viewer of C Span - that should prove to you I watch C Span daily - in fact all day when I am home - turn to C N N to catch the latest news - but I like the call-in shows on C Span (I get tongue tied on the phone - so I write my questions - and hope I get answers by letter or answered on your show.

I am one of the People who don't like (and probably won't vote) any Presidential Candidate - that is campaigning in the 1992 Election - the worst being George Bush - there is no body that has lied more than he - on Reagan - George Bush in his first Campaign was going to be Our Education President - (he appointed - and we tax payers paid for 2 ^{Educational} years - after 3 1/2 years there has been little or no improvement - George Bush pushed for his Anti Crime Bill (excluding the Democrats Gun Control Bill) - again he appointed two Drug years - little or no improvement - D.C. -

Right where George Bush lives is a Slaughter
House - Blood Drenched Streets - But his lies
in front of TV was holding up a bag of
cocaine and saying he bought it across the
street from the White House (when everybody knows
his Aide had to run all over D.C. to find some
one to sell them cocaine - this is what the
Republicans are good at - Imagery - even if
it is a lie - The Republican - especially Dan
Regan thinks all American voters are stupid
- they will believe anything - George Bush really
called attention to His Lying Lips.

Unless Our Political Parties can give
us Honest - Fair ^{Candid} and have the qualifications
of Leadership and will swear to and mean
it - they will govern according to Our Constitutional
Law and Bill of Rights for everybody - including
the President - Vice President - James Baker (he
has had many appointed jobs he fulfilled with
his own law) Ollie North - Ed Meese - Dick
Thornburgh - The Executive ^{Branch} of ~~Reagan~~ Reagan and
Bush has a tylon coat or (Deflammatory Immunity)
or Above The Law

Since the Democratic Party is Satisfied

with their Candidate (who aren't much
better than Bush (but I think they would
Honor and Defend Our Constitution and
Bill of Rights —

I would like for C. Spar to invite
H. Ross Perot to be on a Call in
if he is serious as a Presidential Candidate
But who ever the Host Interviewer is
would he or she ask and get an honest
answer or would he H. Ross Perot swear
to Honor and Defend Our Constitution and Bill
of Rights. I understand he wants to change
it — giving more Power to the Executive
Branch and taking away Power from Congress.
I am not in favor of a line item veto
(I am in favor of a Balanced Budget — but
to get there we need a President who does
not get us into mini wars — or invasion
of other Countries or mining harbors of another
Country — We need to Return to a 3 Branch
Government — Holding on to the Powers our Constitution
to Represent All America [In Order to form a more

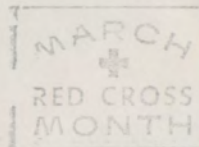

Perfect Union 7

If H Ross Perot is going to leave
Our Constitution alone - The Powers Our
Founding Father gave Congress is to keep Our
Executive Branch headed by a President -
not a King - then I think maybe he could
be good for our Country - but he has only
7 months to spell out to the Voter how he
intends to straighten out the mess Our Puppet
Congress approved of all the mess of Our Tax
changes to benefit the Rich - Big Business - Corp.
and Our Financial Markets - Trade Markets and
using our Tax Dollars to pay for all the
Corruption that followed for 12 years - Who
asked for wasteful spending from the Pentagon -
The \$600.00 toilet seat - \$500.00 hammock? Didn't
Reagan twist some Arms to get those blank
checks issued by Congress (Can Bush and the
Republican Party blame Congress for that? How
about who was to blame for the excessive spending
for the Contras?

no Mr. Reagan We The People are not stupid
Sincerely, [redacted] [redacted] [redacted] [redacted]
