Dear Mr Lamb:

I want to commend you for showing Judicial Watch Rally Sat. It gave us some hope for the future of our Country.

Mr. C must go & I believe Judicial Watch will continue to investigate him for selling out our Country to China.

Also I was working at Scott Air Force Base & saw the Administration rid the Air Force of most of their best. It was terrible.

Thanks again.

Also, I like your having 2 people at same time because they keep each other on their toes. Otherwise, the guest can go on & on & get away with half-truths, etc.

Thanks again. You can perform a great service to your Country. This is important.

Sincerely,

Dear Mr. Lamb:

This morning you had 2 people at same time & one from German News & one from Russian News. It was very interesting.

Saturday, you had a lady from GOP campaign committee also gentleman from Democratic campaign committee. They went at it quite hard but it was necessary. At least they did not let each other get away with ridiculous statements. Also, it kept them from rambling on & on.

Please keep this up (2 people of different opinions).

We usually enjoy except when a 1-way person comes on & you know some of what they say is untrue.
Thanks,
