Dear C-Span,

David Brock hit a new low.
That is the kind of low level material
I have expected C-Span to help
me avoid.

In case you are going to
suggest that I turn you off,
as Brian has done in the past,
you will be glad to know
that I certainly did.

Now don't tell me that since
I didn't watch, I can't make
an informed criticism.

Sincerely
[REDACTED]
