I WATCH "C" SPAN, BECAUSE -

I watch "C" span because I am deeply interested and concerned about the enormous variety of diverse topics in our present American society.

Your continuous reports on world news and interviews, discussions are intelligent relevant and are presented in a warm, friendly manner!

Your comments and questions to guests are the best of the large number of men and women newscasters and commentators present today.

Your continuous news livers my day and makes my retired life worth living.

I am a retired white male, age 79,
a native and born in this medium sized
city, where I lived and worked for 55 years.

Was married here Sept. 20, 1930 and my
lovely wife and I celebrated our Golden
Wedding of 50 years. Sept. 20, 1980.

Three weeks after my wife died and
I was faced with life alone.

In Nov. 4, 1981, I had my leg amputated
and confronted with living in a wheelchair.

I adjusted and last year bought an
Electric Cycle Chair that allows me to
shop and visit neighbors.

Work history was 55 years and I was
a City Police Officer for 28 years. My daughter
lives in Washington, D. C.

Sincerely,
