I have just heard someone calling
in on this Friday morning show
who urged you to invite P. J.

O'Rourke author of "Parliament
of Whores" to appear on your
book-show.

(That Sunday evening show is
also one of my favorites! -)

I have read "Parliament
of Whores" - attached
partly because it has been
touted as "uproariously
funny". I hope you read

it before extending the
invitation. I found ~~the~~ the
book boring. ^(Not at all funny.) The so-
called "humor" consists
of foul language &
brude, dirty references.
It is extremely opinionated.
Some of the material is
doubtless "factual", but I
consider it a waste of
time and very offensive to decent taste.

On the other hand, if you
could do "Adon Smith's
Mistake," by Kenneth
Lux, you would have
something very worthwhile
Yours truly
