Hi Brian & C-Span.

I am writing in defense of ~~the~~ C-Span, the media, the republican party, Rush Limbaugh and Jerry Falwell.

First let me say that I am a registered democrat. I have been off work for over a year with a back injury and I need health care for my son who is ADHD.

I believe however, that the integrity of this nation and those leading this nation should come before my health care needs.

I appreciate the fact that you always have a well rounded group at your journalist roundtable. I also believe that the mainstream press has been very lenient regarding Whitewater. I have seen, no crucifixion. It is not only the duty of the press, it is their right to investigate and inform the american people of any sense of impropriety.

As to the republican party, the two party system we have in this country is a system of checks and balances. It is their history of keeping an eye on each other that has kept this country the great nation it is. For those people

Who would say shut up and let the president make policy, I would say we have the right to know about the character of those who are making policy.

I am a Rush Limbaugh fan. I do not always agree with everything Mr Limbaugh says however for those who say he makes unfounded accusations, they should listen a little closer. Unless he can prove what he is saying, Mr Limbaugh is very careful to point out that he is repeating a rumor or that he does not know the facts for certain and that we will have to wait and see. I must say that many of the things he has predicted have later come out in mainstream publications.

Now Jerry Falwell, I never watched Jerry Falwell but for some reason I did turn my T.V. to his show on Sunday, March 27th. I saw excerpts from the tape that was discussed on your show this morning. It was sent in by a news reporter whose name they would not disclose because he had been threatened. Over 300 copies had also been sent to members of the Congress and Senate and to different news organizations. The tape consisted of interviews of different people who were investigating Whitewater and other areas of the Clinton administration in Arkansas. They told

of threats, beatings and other forms of harassment. One lawyer had been beaten and left for dead. There were also apparent questions about two other people who were supposed to be interviewed but were killed in separate plane crashes. Also Mr. Falwell was not selling this tape "Bill and Hillary's Circle of Power". He has apparently been advertising a tape on health care for some time and he said that from now on every one who ordered the tape on health care would also receive a copy of the tape "Bill and Hillary's Circle of Power".

Thank you for your
attention.
