

"Charles Pickering",

Nov. 23, 1996

After a season of watching  
pre-election scramble, — (my Diogenes lantern  
seldom glowed), I'm encouraged to hear you  
and Adam Smith — thoughtful, intelligent  
and, I believe, with the best for all not personal  
or political.

O. WJ

Appreciate your civilized demeanor.

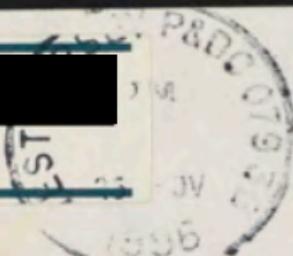

One could not determine to which party you represent  
as it should be and is so seldom

Very best wishes,
