

August 24, 1995

Brian Lamb.

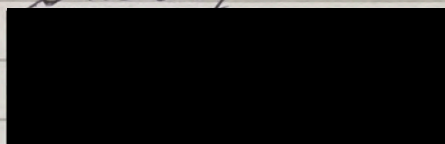

Thank you for having Ross Perot on your C-span on the 19th of this month. Mr. Perot was very interesting telling about the things in his office. I am a member of Mr. Perot's United We Stand America and I strongly suspect that we are going to be around for a few years until we can take back our country from the special interest groups. C-span is a godsend as far as putting out the true and unbiased information about what goes on in Washington D.C.

The day you were on with Pat Buchanan and Mr. Kitchens, I didn't see anything wrong as far as a balance is concerned. As long as you or any of your moderators stay neutral in the discussions, I can't see any problem. C-span is the only network that has moderators that are unbiased. When we watch C-span we know we will not see the guests being embarrassed by unseemly questions like Ross Perot

was several weeks ago on meet the press. I don't have any complaints about C-span. I admit I don't always like who is on but that is a personal thing.

I would like to tell you that you were correct when you mentioned Chuck Harder and the complete NAFTA treaty being available for \$21.95 plus \$8.00 Shipping charges. Here is their 800 number. The radio station or program originates from White Springs, Fla. The address is 3 River Street, White Springs, Fla. 32096 - Telephone 1-800-888-9999. They also put out a newspaper called News Reporter. I think I like everyone on C-span especially the pretty Susan Swain.

Sincerely

Suisun, Ca. 94585
