Dear Sir

O.WJ

Well it finally became a reality
on your call in show, that you are
having one call pro. democrat & one
pro republican. After years of trying to
get my call's answered, and telling my
wife & friends, how bias your program
were against President Clinton. I've
apt to hear one Republican answer a
question on any matter, without them
denecing the President, and you
allowing it. I've watched your program
and I'm amazed at the things they
say without proof. After all what do you
expect from the Republican, who are the
master of sleage. Here is a President
who has with stood three years on
more of accusations and investigations
without a single fact of wrong doing,
only Republicans mindless accusations
day after day. It's amazing that the
President has proceeded to do his job
well & lead. Talk about toughness and
character (hew!) I personally believe
that you were part of this, only when
pressure was put on you did you change
your format. You should tell your
Republican guest to answer the
questions only and not denecen the
President personally. I don't hear your
Democratic guest denecening Bob Dole
personally. It's not as matter of
(over)

opinion or free expression, but a
matter of common decency. Stick to
the facts, say what they want
about ~~record~~ the President's record,
if they can, which they can't that's
why they revert to character assassination.
I'll try getting my call answered, and
might even have a chance, now
that you changed the format. I'd
be thrilled to get the chance to
answer these guys personally.

Sincerely

Palm Bch Gdns, FL 33418-7126

P.S. I'll be looking for your
response!
