Washington, DC 20001

Dear Mr. Lamb:

Please see copy of enclosed letter we have sent to our local cable operator. Anything you can do to help us receive C-SPAN II would be greatly appreciated. As is obvious from the letter, we clearly appreciate the work you do and the professional level of your staff. I would reinforce the comment of many of your callers: it is not possible to determine partisanship on the part of your staffers. I suspect that is the highest compliment I can pay you.

While this is after the fact, we followed much of the in depth coverage you gave to candidates last fall all over the country. As a result, on election night the "national village" was a much more intimate one for us. Colorado's election was as interesting as New Hampshire's. Thank you for that.

Very truly yours,

[Redacted signature block]
