C-SPAN-

Dear Person;

I have just recently had the opportunity to watch channel #24 - (San Diego, CA cox cable) - and some of channel #25 - (Senate & House) -

I wish you would stay on the air for any debates - regardless of the time. NOT just certain hours. LIVE

This Persian Gulf Debate is extremely important and I want to hear All -

Why do we not get to hear the roll call "Quorum"? I have not heard one member of the Senate from Calif. or Tex. without us hearing or seeing who is at these debates. We, the people, can't be certain if they are even in Washington DC. who knows - this would be especially true if "roll calls" were at random & with the camera on them, if possible, when they answer "present"

Perhaps a few people, other than myself - would use an answer -

I certainly commend C-SPAN - #24 & #25 - Senate & House - of Washington DC -

Sincerely,

DEAR PERSON, I AM VERY UPSET - TODAY -

I wrote saying I enjoyed you covering the Senate and House and I do wish every time Congress is in session we would have the opportunity to watch history.

Each election we hear from whom ever 50 + 50 voted or didn't vote such & such. I want to hear - & then #24 - #25 to the only way I can hear - Calif.

We, or I am interested in what our elected people are doing - for or against our (my) beliefs - Yes - I do believe we should hear the roll call - Quorum - and passing the room to see who is there & what they are doing - Reading a newspaper?

Here in Calif. I have not heard / Senator from Calif. speak - for or against - nor have I heard 1 person from the House speak - Period - This is unthinkable & state it is 9:20 AM - Sat. Jan. 12th - A big huge vote - perhaps one of the biggest voted in history - and then #24 is not carrying it - (Here in San Diego, Calif. - COX) (Senate) -

I do not understand - I thought channels #24 - #25 were Governmental - bc it local or worldwide - not some program that sends a tape & could be shown anytime. This is history - 9:30 AM Calif 12:30 PM - Washington DC time - A vote very very important to everyone in the world.

I am very disappointed in you (COX) for not carrying the ENTIRE session (to) of our Congress of the USA (Everday)

I have not heard from 1 Senator or House member in 2 full days plus - why??

Sincerely,

COX cable was off the air until after 7:00 AM this morning
