Dear Brian —

Your interviews on C-Span are so enthralling, educational and engrossing. especially your interview of Howard & Smith. I thoroughly enjoyed hearing this well-informed intelligent man with the risk office decorated by his obviously talented wife as a background. Well done!

You ask just the right questions and bring out the best from your subject. I found this interview especially enlightening and I learned so much.

I was personally gratified to hear Mr Smith substantiate many opinions that I share with him. He made me feel that I was on the right track.

You do such a good job and know how to bring out the best

from your interviewees and your questions are right on).

I also heard a ^{recent} program in an interview on Foot-Notes of James Sulloway who wrote "More Like Us." He was fascinating and again I learned so much about the Japanese and Japan in that interview.

And incidentally I'm asking my local library to try to get his book & if they can't I plan to purchase it. Such an interesting intelligent man!

C - Span continues to broaden my education & it never disappoints me in just about everything I hear & view.

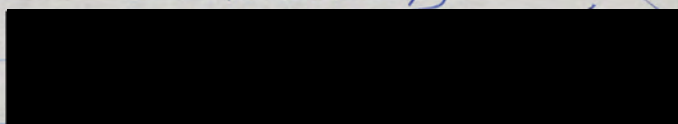

Bush just appeared on TV announcing Marięga is on his way to Florida.

I'm no Bush fan but at

least he held his own this time.

Thanks again and wish you
good health in the new year
and keep up the good work.

Sincerely,
