My dear Friends,

Just a few or more  
your program and C-SPAN #1 & #2  
are. The very best, your complete  
common sense, judgement and  
intelligence, with questions, are  
which we want, the TRUTH.

Just we have no fault  
or doubts with Bill Clinton. We  
trust him and Al Gore. They are  
needed out there, needed badly,  
and come November the whole  
Republican outfit is/are being  
dumped, with the help of God  
there will be no return to the  
White House for Bush, Quayle  
and Baker they are chicken liver.

In four years he's lead  
the whole Nation into a state of  
depression level and is making lam  
fools of us, but no more. We're a  
new generation and won't allow this  
read my lips pretense to last any  
longer. It will kill 'em.

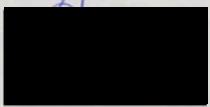

Hitler was a poor excuse for a man. ➔

Let me tell you what's going  
around.

"Roses are red  
Violets are blue  
ha-ha Georgie Bush  
We've got plenty on you!"

Just loved Ross Perot.  
The man is most amazing,  
truthful and so alert. He's healthy,  
wealthy and wise - and believes in  
the Lord - all our reasons from day  
one. He's everything I wish I could be.

Thank you -  
Good luck to you & yours  
Keep the good work up.  
We love you all,  
Sincerely,
