Dear Brian:

I Enjoy very much How you Always seem To Be
Such A Pro in your interviewing People. The cost
of my Opke with Q-Span Network is makes it easier
To write A monthly check. I am very interest in America
Today, Tomorrow, and of course very concerned yesterday.

I Also detect much disgust with the massive forum
that has been A growing business since 1981. Whether it
Clark Clifford, Neil Bush, (one million out in Denver) Michael
O'Leary, People in the Senate on the Take, Ex C.I.A.
People Masters at holding Money, the Termi People for that job.

Some how The Press never mentions The "Roman Bust"
Term are These Crooked Japs under There Watch.

Since I am ~~Sixty~~ Six years old, I'll Predict That on
Down The Road The People will Finally get fed up
And what is going on in Canada will Take Place Here
in America. For instance I am A Volunteer Voter Register
The Reason People Don't Vote They Simply Have no Confidence
in The Elected People. Also I Transport New School Buses
And New Amplecences Across America so I Have The Same
Thinking around Truck Stops, Airports, on my Return Home
So I Believe I Have A Feel For what is going on in
America.

Now we have the Industrialists moving Millions of Jobs
into Mexico and other Third World Countries (Cheap Labor).

Here in this Area we have Lost maybe 20,000 U.A.W
Jobs To Mexico. The Worker in Mexico is forced to
Dry, Six Days a Week, Less Than \$30⁰⁰ Dollars Being
Home Pay. The Problem is the Mexican Worker can't
Buy a "92" Chevy The Auto must Be Shipped Back
To Cincinnati, Denver or some City in America.

Now Today in Cincinnati are you have ~~the~~ temporary
Help out firms, "Man Power", "Olsten", "Kelly Gais" and etc.
This Country has so many serious problems that even
the Govt is unable to Tackle.

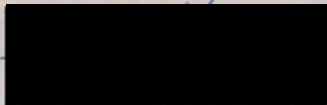

How many young people here I met that work two full time jobs trying to keep up. We have the Govt spending 70 Billion from the "Trust Funds", a tax policy that the "Reagan Bush Team", Senator Bentsen, Rep Willis Gramm from the House gave up shift the loads onto the middle class, lessen the loads on those that are able to pay. Lets be honest the so called "middle class" will be past history.

The Point is America today is not the America I was part of in 1960. But you can believe I do appreciate what C-SPAN is doing to inform the people

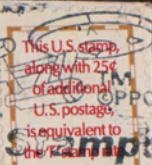

Yet we keep 350,000 Troops in Germany, 42,000 in Korea,
now 12,000 in Kuwait, Build a New Naval Base in
Italy, Close Down American Bases Knock out Thousands
of Jobs For Americans At Least we Recycle Millions
of Bucks Here in America, with Base workers.

So Finally we have The Worst Govt That money can
Buy, Professional Politicians, Lobbyists, To many people
on The Take. Therefore Americans dont Take Part Because
They have no confidence.

Most Sincerely
