Dear Sir or Ms.

Ever since John F. Kennedy was murdered, I believed that it was done by friends or co-horts of L.B. Johnson. He was a shady Senator, a scam bag Vice-President and he knew the only way to get in as President was to get rid of Kennedy.

It was not the CIA or the Mafia or Castro. But L.B. J. and his Texas cohorts, you, and T.V. seem to make Dallas a big time hero city. Dallas is the scam city in America. For you in C-Span to make it a great city its the same thing like you make England sound like a great Country.

It is worse than Russia was, it is still killing the Irish-Catholics it is as bad as the State of N.J. with our baby killer Gov. and the trash that the Democ party is putting up for Pres.

Where is the United Nations now? Why aren't they doing something about England and it killing of Irish-Catholics and scrub like our Gov killing babies? before they are born.

I believe that C-Span is really going down the tube, just like the United Nations and the murdering English.

P.S. Here is something that C/Span should discuss. Read it and weep. It is a letter I sent to our local rag, The A.C. Press.

Remember 1929? It's coming back

If the American people are too blind to see or remember 1929, they better wake up.

President George "Herbert Hoover" Bush is saying it is only a recession. The stock market is up, so it was in 1929. Don't trust the banks because here in New Jersey they are already closing up, and the big shots are stealing the money and given easy sentencing because we have no jails. We have all those old Navy ships; use them for jails.

Mr. Bush has gone to Asia to find a place to hide while using taxpayers' money to get there. We don't need another Franklin Roosevelt to give out more welfare and easy jobs for the white collar bums.
