Dear Mr. Lamb:

I wanted to tell you how much I enjoy watching C-Span. While watching the coverage of the House vote, I had an idea. Currently, C-Span plays classical music while the bills are being voted upon. My suggestion is as follows:

Why not play music from great American composers: from the Boston Pops to Broadway, Scott Joplin to John Phillip Sousa, etc.... You could also play each state's anthem. You might even go so far as to display the title of each piece and who is performing it.

C-Span does a wonderful job of keeping America informed on what is happening. I think this would be a great way to introduce the younger generation to the great artists of America.

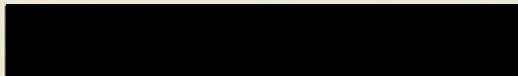

Please continue with the wonderful work you are doing.

Sincerely,
