Dear Mr Lamb,

After hearing this AM's Morning Journal I Decided to write and express my opinion regarding the identification of the caller lines.

This morning on the Morning Journal program almost all of the calls were highly Partisan Republican voices and calls. I know that last week and on Saturday on JJ's AM show Republican callers were brazen enough to admit that they were calling in on Democratic and other lines. On JJ's program a caller

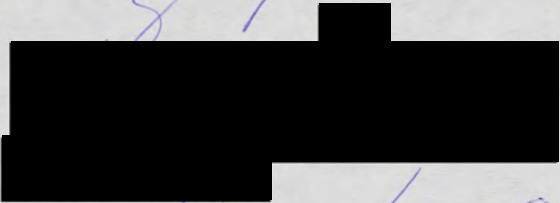

O.WJ

Laughed when he spoke of
it and again ^{openly} showed a
caller ~~possibly~~ asked
and said Republican callers
to use those lines for their
calls!

I know, Mr Lamb, that you
cannot stop this but
I do request that you identify
the call lines with a blinking
light to show which line
is being used by a caller.

At least that will identify
~~possibly~~ openly when
a caller is using false
means to call and
perhaps shame them not
to do it or, at the least

openly show them to be
people who do not
play by the rules -

Thanking you in advance

P.S. Thank You for all
your efforts to be fair
and please fight all
efforts to do away with
the 3 call lines -

We do not need another
Rush Limbaugh show on
C-Span -
