"HEMINGS & JEFFERSON" TRICKNOLOGY BENEFITS SLAVISM

Coincidence, or adherence to the rule of thumb for keeping a slavocracy/generic supremacy alive, whites have never been adept at telling history factually. All white men, even Presidents, were called "slave-owners", not slave seducers, or romanticizers.

There cannot be one thing romantic about a master and slave planta-tionship. Jefferson was no different than any other U.S. President, they were all slave-quarters-invaders.

Next their his-story will be trying to convince the gullible at heart that slave-owners separated us as family units for our own good. Examining the media and press today, you can witness the same concept (divide and conquer).

A very attractive Black female recently informed me the manner in which her (white, male) boss tries to make a "pass" at her is by requesting she come in before everyone else in the office, and stay after everyone else, to meet with him and discuss job-related issues?

In the case of Sally and 'humanities criminal' Thomas, all he had to do was demand she do whatever he said. This is the type of show of force whites use to impress/intimidate our women with their slavist acquired, pseudo power.

Since the woman of any race is known as impressionable, brain-washable and naive, here's how the infatuated white male softens ours up:

- 1) the Washington Post, *EMERGE magazine (2/99), various other publications do story on the pimp-lationship between Sally Hemings and ('humanities criminal) Thomas Jefferson
- 2) V.P. Al Gore does C-SPAN (3/99) news conference announcing "domestic violence" victimizers will be punished via stricter regulations--another excuse to prosecute mainly KemeticMen?
- 3) Amnesty International Director does news conference on C-SPAN (3/99) condemning violence towards (Kemetic?) females in prison by male (Kemetic?) guards; Arlington, VA. to pay inmates (3/19)
- 4) BlackWomen are daily viewed in acting scenes and plays as lovers of white males (Samarra Green, "Venus", 3/98; "Wedding", Halle Berry, 2/21/98; "Androcles & the Lion", Ingrid Cornell, 10/17/98 Arlington, VA. church; "Ciderella" starring Brandy; "Pocahontas")
- 5) *Same magazine, Mr. and Mrs. Loving, of a white man married to a BlackWoman in VA. (6/97); Hollywood adaptation of the same rape-lationship
- 6) EBONY magazine story of opera singer Denyce Graves and her husband--she's Black, he's white (2/96)
- 7) Univ. of VA. play where Romeo was a white youth, Juliet a fellow Black-female student (1/23/99)
- 8) Barrage of photo-ops showing "Mrs." in high positions being BlackWomen with white husbands: Defense Sec.s wife, State Dept'.s

O. AmerPres

Asst. Afrikan Affairs, DC School Superinten-dent...all to seduce our women into feeling white male intimacy equals, "Money, Power, Respect": which makes them and the like nothing short of SINFULLY GREEDY!

- 9) White men are joining predominately 'Black Churches' to infiltrate Black vaginal cavities; Jehovah's Witness's and Christians lead in this UNGODLY SIN of "coveting thy neighbor's wife"--nowhere in any "GoodBook" is racial intermarriage, or integration condoned! (A BlackMan would be lynched, or dragged behind a truck for the same at white worship houses--outside the church, during services!)

The above acts were all retroactive, here's the order the chase for 'Jungle fever' all began: a) white men used to steal BlackQueens from Afrika, to place as trophies alongside their wives, b) slave ship and plantation rape, c) media separation, d) always portraying BlackMen as buffoons, abusive, "players"/ uncommittable, e) claims of "color doesn't matter", f) PENIS EQUIVALENCY STUDIES--but if the BlackMan isn't the "biggest" and best lover, why is he always the prototype in comparison? And if their women have no "backs", how can their men have any "fronts?"

The 4/1 University of VA. town hall meeting on the subject of Sally and ('humanities criminal') Jefferson, hosted by none-other than the NAACP's own Julian Bond, to masquerade the shows true intentions.

The panel consisted of 14 "distinguished guests", not one of which was a BlackMan. There were 4 Black-females, 2 white women, and 8 white men. Coincidental?

It's sort of ironic this presentation took place in VA., "the first home of the slave." The mother state of slavists. The commonwealth which holds the honors of institutionalizing slavery.

Would these same white men, with the same cordialness they've presented into this pimp-lationship between Sally and rapist Thomas, come forward if it were time to speak on a Mandingo, "Buck", "n*¢r" having impregnated the "massas'" woman/daughter?

How about these same panelists coming out in mega force, writing books and the such, for a Nazi having a relationship with a Jewish woman during the--casualties contested--'holocaust'?

Maybe they'll write historical investigations into when Native Inhabitants had "relationships" with white European women?

Most BlackWomen don't won't to realize the scheme at hand. they want to feel all the "n&¢#@r jobs" they've acquired have come from their hard work.

But oh contrar, the college slots they've fallen into, along with the open positioned jobs they've acquired have come from the hard work of anti-KemetiC androphobia--"fear of a Black Planet."

The vacancies are made by the neo-T. Jeffersons to situate this voluptuous BlackWomen closer to him. Secretaries, co-owners of organizations, business partners, allies for causes, all means to fantasize and touch the Black, feminine flesh (All military bases have the same profiles: The most beautiful BlackWomen on base are the receptionists of high-ranking white officers.) All jobs and college vacancies our women are seeing is due to the prison-industrial complex's big-business of warehousing BlackMen.

"You can't integrate with somebody stronger than you [because], you will get taken over" (L. Farrakhan). Therefore, with imported Afrkans being UnREPARATED, engaging in affairs with white men she makes herself nothing but her original slave names: "n*&\$@r--woman, b¢#!h, female." And a treasoness conspirator.

As 'the Greaseman' unsuccessfully attempted to say, the message to all KemeticWomen is, "You don't need that Kemetic-Male. Let us keep locking them up, and you'll never miss them. The white man is your hero. We'll pay you and give you impressive titles."

Compare the two anomalies. Scour the daily publications, TV, C-SPAN to see how often you find an instance of BlackMen portrayed in relationships with white women?

Those 'tricknologists' who specialize in the art of deception want to convince us that if your enemy isn't seen he doesn't exist. But who has ever visually seen thee actual "satan?" And isn't he our enemy?

We don't get to see the corporate, executive, historical "pimps" who make our women queans, mainstream harlots and ingenue with their temporary swagger of slave finances, and penetratingly integrating with the 'poor', but that doesn't make them not exist.

I wonder how willing to team up with our women they'd be if these educated 'Negro' women wanted to write books on the initial implementers of the U.S. slave trade? If the names of Jews and European whites were called out, would they still hold town hall meetings to these effects? Or how well Sally adapted to the smell of 'wet', straight hair?

More important than the sexual abuse Sis. Hemings endured at the hands of the rapist President, is what demons started this across the water for "better" women process? What date and state initiated the act? What races?

Then again, if the 'nanny' Oprahs, Robin Quivers, Whoopi ("pussy") Goldbergs, and all the other (so-called) Mother Earth's refused to work with this white man, realizing his aim, and demanded BlackMen "Do FOr Self", our baby's would be saved. Our incarcerated Brothers could be exiled.

All kinds of angles are approved by the white power structure to lust over our women: Queens of college, in (swimsuit) magazines, number of different female models, pornographies.

But as of today, our women are so hooked in the yolk of sin with the Euro-Jewish's riches of slavism, they fail to realize white dollars are Black, for without the raping, maiming, lynching, povertizing, drugging, Ethnocide of Blacks, would America be 'rich?'
