Dear C-Span People,

I watched your program this AM-SAT-
unday (and all day) - Health Care in America.
I believe it was the head of medicare who
SAID (as I heard it) that an individual
PAID about \$36. a year for medicare B
coverage. I write to tell you this is grossly
inaccurate. I do not have medicare A
but did pick up medicare B in 1980 when
I retired. The annual premium I paid
in 1992 was \$488.32. Obviously I could
not let this pass unchallenged even
though it is late in getting to you.

Keep up the good work. I watch
C-Span endlessly and am sorry
C-Span II is not available in this area.

Sincerely,
