Dear Sirs:

You asked for comments on the
C-span 1 + 2 program.

I had a series of programs on
my TV that I thoroughly enjoyed. On
June 1 my program almost entirely
disappeared.

In its place I had two stations
offering old episodes of "Cheers" and
two stations replaced with C-spans.
Running all day and all night!

Now, I ask you - what busy woman
can snatch $2\frac{1}{2}$ hrs at any one time
to sit and watch a Workshop (known
forbid) of business men thrashing out
how they can provide additional
runways to airports as Denver and
Chicago — 25 years from now?
Why would I want to know that?

All I want to know about airplanes
is simple - How much - when - and
how safely!?

My next experience was more enlightening.
2½ hrs C-span on "The Day in the life of Senator
McCain" and C-span 2 on "The Trip to Vermont
by the Republicans."

I've said hours of good solid
Republican propaganda designed
for the unsuspected gullible middle
class leading into the next Republican
elections! It was low-key and why

Why should I give up my right of
free choice of TV Programs? Why should
I have to pay for something I don't want!

I called Sammons Communications Inc.
Their answer: "The government makes
us do it."

Well, fere! I'm part of that government.
I pay my share - and I say to you
"Yank those programs off now!"

P.S. I would say they are suitable for
University, Business, Government or Law
Schools where students have time and interest
for them.
